

Congressionally Directed Spending Requests – Transportation, Housing and Urban Development, and Related Agencies

Recipient Name: Appalachian Trail Conservancy

Project Location: Somerset County, ME

Project Purpose: The purpose of this project is to provide a permanent and enduring home-base for the organization's public land stewardship work from which it can operate effectively and attract and retain more volunteers from a diversity of communities. At the center, the MATC will provide training and work-force development for volunteers, staff, students, land trusts, and other conservation organizations. These educational and operational benefits will increase MATC's capacity to maintain hundreds of miles of the A.T. and address a backlog of maintenance and restoration needs in backcountry areas. Many of the skills to be addressed at the center are also transferable to professional settings. At its core, the project will increase opportunities for the public to experience and enjoy the A.T.

Amount Requested: \$554,000

Requesting Member: Sen. Angus S. King, Jr. (ME)

Recipient Name: Bangor Region YMCA

Project Location: Penobscot County, ME

Project Purpose: The Bangor Region YMCA urgently needs a new building to meet the increasing childcare, chronic disease, workforce development, and community service needs of the Greater Bangor Region. The new YMCA benefits the taxpayer and is a good use of federal funds in that it would revitalize an economically depressed "slum and blight" area on the Brewer waterfront with higher unemployment rates and more residents living in poverty than the state average. It will bring new businesses, employees, and visitors to the region helping it thrive economically and socially..

Amount Requested: \$1,278,000

Requesting Member: Sen. Angus S. King, Jr. (ME)

Requesting Member: Sen. Angus S. King, Jr. (ME)

Recipient Name: Town of Falmouth

Project Location: Cumberland County, ME

Project Purpose: The federal funding will complete the fundraising for the construction of the roundabout portion this project and allow the entire project to be realized. Roundabouts are relatively new transportation elements that provide enhanced safety over signalized intersections. Without these funds, the Town may need to consider phasing some of the improvements, such as installation of street light fixtures or other improvements. Federal funding will allow all work to be completed at the same time.

Amount Requested: \$1,000,000

Requesting Member: Sen. Angus S. King, Jr. (ME)

Recipient Name: Town of Falmouth

Project Location: Cumberland County, ME

Project Purpose: The project consists of a road realignment of Leighton Road at Falmouth Road to enhance safe crossing of an existing rail crossing on Falmouth Road. This crossing is in a Federal Railroad Administration-approved Quiet Zone. However, due to the current road alignment it does not meet the standard FRA requirement for safe vehicular approaches to this crossing.

Amount Requested: \$1,000,000

Amount Requested: \$1,000,000

Requesting Member: Sen. Angus S. King, Jr. (ME)

Recipient Name: Town of Norridgewock

Project Location: Somerset County, ME

Project Purpose: Norridgewock, Maine, is a rural community in southern Somerset County with approximately 3,300 people. The Town is bisected by the Kennebec River and bounded on the west by the Sandy River. Our Town has dedicated itself to investing in improving infrastructure, especially its roadways, and is the sponsor of Central Maine Regional Airport. The Town's unique location on two rivers has posed a significant hurdle in maintaining Town-maintained roads while preserving natural resources. The total project estimate of \$7,000,000 would support the reconstruction of these roadways, while protecting the natural resources nearby. The cost is substantial, but imminent, as the aforementioned factors will not remediate themselves, nor will climate change have a positive impact on river levels and the resulting erosion.

Amount Requested: \$6,000,000

Requesting Member: Sen. Angus S. King, Jr. (ME)

Recipient Name: Town of Ogunquit

Project Location: York County, ME

Project Purpose: This project includes structural and mechanical improvements to a footbridge and key access point to Perkins Cove. Project also includes reconstruction of Harbormaster quarter which houses bait shack for commercial fishermen, which is in poor condition. Perkins Cove and the Perkins Cove Pedestrian Footbridge are destination locations along the Southern Maine seacoast region. Visitors from throughout the world (approximately 500,000 visitors annually) have been drawn to Perkins Cove to have their pictures taken on the bridge as well as pause on the bridge and take in the sights and sounds of a true working commercial waterfront. Additionally, businesses located within and adjacent to the cove, recognizing the importance of the bridge, have adopted the bridge within their business branding.

Amount Requested: \$2,850,000

Requesting Member: Sen. Angus S. King, Jr. (ME)
